

„Future Learning with Tablets“

List of recommended / required Apps

Category	iOS	android
Operating System Update	<p>Update auf iOS 10</p> <p>Go to Settings > General > Software Update</p> <p>Requirements:</p> <ul style="list-style-type: none"> • iPad 2 or higher • approx.. 1.3 GB free Storage on your iPad • It's recommended to backup your iPad first, then free the required space (by deleting Apps) and finally update your system to iOS 8. • Please start to install the Apps from this list, when you have updated to iOS 10 <p>Here's a support link from the apple website: https://support.apple.com/en-us/HT204204</p> 	<p>Software Updates on android devices are different, because tablet producers usually provide their own, customized versions of android- That's why there is not always the latest version of android on all devices available (actual version: android 7 – Nougat).</p> <p>Anyway we kindly ask you to test if you have the latest system update of your android version and then update it if necessary.</p> <p>On a google Nexus Tablet you for example you can find the option system updates by using the following path:</p> <p>Go to Settings > System >About this Tablet >System updates</p>
